

Health Check Care

Our Health Check Care plan ensures that your pumps receive regular health checks carried out by Leybold service experts. Our specialists provide optimal care for your pumps while identifying upcoming needs.

Your pumps in good hands

When you opt for our Health Check Care plan, a Leybold expert will regularly visit your site and check your vacuum pumps to ensure that everything is running smoothly. We care for your pumps so you can focus on your production.

Performance aligned with your needs

Leybold technicians will regularly visit your production plant and give you suggestions on how to maintain or improve vacuum performance. Your vacuum supply will always meet your production's needs and requirements.

Cost-efficient approach

Identifying potential needs in advance decreases the risk of unforeseen expenses and unexpected emergencies. Thanks to the customized recommendations you can spare yourself the unpleasant surprises.

A service partner you can count on

Health Check Care offers you a fair and transparent pricing for regular pump inspections: a full year of regular inspections for one fixed price. Leybold is your partner for your service needs.

Leybold service – an expert and reliable partner

Maintaining your uptime and reducing the risk of production downtime is critical. Wherever you are, Leybold is there to support you as your vacuum service partner. Our Field Service team and our fully equipped Service Technology Centers are at your disposal.
