

POWER YOUR PRODUCTION WITH CONFIDENCE

Prevent downtime in your operations and reduce unexpected repair costs with the **HealthCheck™ Care** Plan, which provides expert inspections and clear actionable reports to support your timely maintenance decisions.

Stay updated

Professional monitoring prevents unexpected breakdowns and keeps production on track. Leybold specialists perform regular maintenance checks and identify service needs early, helping you plan ahead.

HealthCheck Care ServicePlan™ for Vacuum Pumps

How can you improve production efficiency through expert advice?

Smooth operations mean you can focus on productivity. Leybold technicians provide regular assessments and tailored recommendations to support maintenance planning and enhance operational efficiency.

How can you maintain vacuum reliability and avoid downtime?

Reliable performance starts with proactive care. Leybold specialists conduct regular site visits at a predetermined cost to assess your equipment and operating conditions. Through their expert insights, you receive actionable recommendations custom made for your system.

How can you prevent expensive and reactive repairs?

Early insight into service requirements helps reduce unexpected repairs and maintain smooth operations. We assist by identifying potential issues ahead of time, allowing for proactive maintenance planning.

Genius
INSTANT INSIGHTS™

Your **ServicePlan™** features **GENIUS Instant Insights™**, a remote monitoring solution designed to maximize production uptime and reduce operating costs. By continuously tracking your vacuum equipment's performance, we help prevent unplanned failures through early issue detection and proactive intervention. You'll also gain access to the **GENIUS Portal**, providing 360° visibility into your equipment's status and operating conditions, empowering you to make faster, more informed maintenance decisions.

*Only compatible with select vacuum equipment models.

Pioneering products. Passionately applied.
