

# IN THE FAST LANE TO PEAK PERFORMANCE

Achieving optimal efficiency, long-term equipment value and consistent results starts with timely maintenance. Our **Parts Care** program is designed to ensure automated delivery of essential components delivered precisely when you need them for maximum efficiency and convenience.

## Timely spare parts for smoother maintenance

Staying on top of maintenance is key to reliable performance, cost control, and extending asset life. Parts Care delivers genuine parts tailored to your operating conditions; each shipment timed to align with your tailor-made maintenance schedule.

## Parts Care ServicePlan™ for Vacuum Pumps

### How can you boost maintenance efficiency and cut administrative costs?

Manual spare parts management is time-consuming, resource-intensive, and can cause missed service deadlines and increased costs. We streamline the process by automating delivery of genuine parts and oils at a predetermined cost with one purchase order.

### How can you achieve consistent vacuum performance through the timely delivery of genuine spare parts?

In our experience, regular maintenance reduces the risk of unexpected failures and supports optimal performance. Genuine parts are supplied as required, allowing maintenance to be completed as scheduled.

### How can you be confident in your vacuum performance when using genuine spare parts?

Using parts that are designed for your equipment supports operational safety, reliability, and asset longevity. Leybold supplies spare parts manufactured to precise specifications and tested for performance.

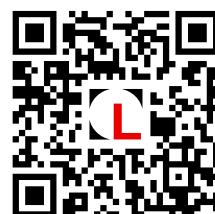

Your **ServicePlan™** features **GENIUS Instant Insights™**, a remote monitoring solution designed to maximize production uptime and reduce operating costs. By continuously tracking your vacuum equipment's performance, we help prevent unplanned failures through early issue detection and proactive intervention. You'll also gain access to the **GENIUS Portal**, providing 360° visibility into your equipment's status and operating conditions, empowering you to make faster, more informed maintenance decisions.

\*Only compatible with select vacuum equipment models.
